### DETAILED ACTION

1. The indicated allowability of claims 1, 2, 4-11 and 13-16 is withdrawn in view of the newly discovered reference(s) to the claims. Rejections based on the newly cited reference(s) follow.

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1, 2, and 4-16 are rejected under 35 U.S.C. 102(b) as being anticipated by Baudelaire et al.

With respect to claim 1, Baudelaire et al. teach the claimed limitations at page 316.

Claims 2 and 4-16 are taught as encoded chunks using chain encoding. Figure 1 shows the levels of representation.
